for our future!

My feeling is so lonely, endure mind,
so I'm walking a foreign country's town.
Stand the collar of coat, and I was walking,
I stopped, but nobody there.

Run after and run after.
It's still an illusion!
So, I run after against myself.

I lost my way from the people who are going to home.
I have no idea how I'd better back to the home.
I left my past and my future,
even I don't know where the present myself.

Run after and run after.
It's still an illusion!
So, I run after against myself.

From the sky the crescent is hanging,
I'm walking with my white breath.
It seems like a part's of stars illumination.
Couples are staying and touching
each other in the dream.

Frozing finger seek the warm
and go to the gentle place quickly.
Like a music, but it's the resound small the cigar
and the sound of people's voice.

Dull color light on the river's face.
I stopped and standing there, and saw myself.
My lip forget the smile, even the rouge seems so sad.

I went to walk without turn around,
I believe myself forever.
If my trusting heart getting weak at night.
Please hug me, somebody!

Winter cafe, it hugs myself
and want my cold body keep warm.
Winter cafe, winter cafe, please hug me.
And keep my cold body warm.

Wind touch my hair and cheek in the afternoon.
Come on the flood of lights. Let's go to the town.

Put on the high-heel shoes and step on the step.
Your heart started dancing with happy beat!

There is a lonely angel dreamer who is wearing
fashionable clothes, even he doesn't know his feeling.

Looks like an adult, and try to be pretended.
But there's a childish heart with purely loneliness.

Run after and run after,
It's still an illusion!
So, I run after against myself.

Look at the blue sky, singing with smiling
We always try to have brighting eyes! Never forget!

Small mistakes, hurt to each other.
Even that, it's the important experiences
